

Ashdown Site Investigation - Customer Testimonials

The following are examples of some of the positive feedback we have received from clients.

Engineering Consultant:

"Thank you for your very good report received today which is comprehensive and detailed."

Local Authority:

"The report is comprehensive and helpfully uses the new Government Guidance in arriving at a remediation strategy. The conclusions and recommendations appear entirely sound and meet this department's general guidelines and advice for dealing with redevelopment sites in the borough."

Chartered Architect & Planning Consultant:

"Your assistance over the last year has been much appreciated and I look forward to continuing to work together in the future."

Housing Developer:

"Many thanks indeed. Excellent work pulled together very quickly. It is much appreciated."

Consulting Structural Engineer:

"Thanks for the exceptionally rapid response"

Developer:

"Thank you for your input; it is greatly appreciated. I think we are now in control of this situation and understand the way forward and our obligations in relation to this site."

Consulting Structural and Civil Engineers:

"I would like to personally thank you for your assistance throughout the development. Well done."

Management, Engineering and Development Consultancy:

Firstly, I'd like to congratulate your team on excellent days work, they worked tirelessly on what was a long day with much to fit in. They were professional, well organised and a pleasure to work with.

Environmental Consultant:

If only all site investigation companies were as good as Ashdown. Keep up the good work.

Chartered Surveyors:

"Many thanks for your help and resolving matters so quickly"

Consulting Civil Engineers:

"Mrs K said that she was pleased with the manner of your Engineers!! Well done!!"

Private Developer:

"Thank you for the follow up on this and your support all the way through the process."
